Our mission is to help the rabbits and its holders through:

- looking for the advertisements
- hanging posters
- interviewing candidates for adoption
- transporting rabbits to their new houses

Our aim is to educate the rabbit keepers so as to make them aware of their needs and love their pets wisely. Hence, our website is a source of professional advice. We also publish informational brochures.

We participate in seasonal actions such as:

Christmas Appeal,

Easter Appeal,

Myxomatosis Vaccination Action,

Polish Nationwide Sterilisation Day,

Don't Buy for a Gift Appeal,

Rumburak Appeal,

Don't Bring Up Children Through The Suffering Of Animals Appeal.

as well as in passing new legislative bills concerning the rights of fur animals, laboratory animals, farm animals and game. We co-operate with both Polish as well as international organisation dealing with animal rights.

Rabbit Watch Association is a thriving artery – we organise meetings, reunions, Internet discussions for dozens of lovers of these beautiful animals, among whom are children, teenagers, adults and seniors. Age is not important in our discussions, what matters is the common passion.
